*RUDAY MORNING AUGUST 1 1851. EFF Mr. S. M. PETTINGHA, is one nutuorized advertising and subscription agent in Boston and elsewher , of this paper.

For Governor.

CHAS. K. WILLIAMS. For Lieut Governor,

JULIUS CONVERSE. For Treasurer,

GEORGE HOWES.

COUNTY NOMINATIONS. For (Heman Barstow, Senators, I A. G. Whittemore. Assistant | Aaron L. Beach, Judges. (John Lyman.

Probate Judge, Charles Adams. State's Attorney, E. J. Phelps. Sheriff. Isane Sherwood.

High Bailiff, E. W. Brownell.

Some hing to be looked to ! Our friend, Hon, Lucius B. Pick, a few da s ago declined the petty-largeny Democratory reason that he did not agree with them in Messenger :regard to the Fugitive Slave law, and the Vermont Habeas Corpus Law-the only "planks" that are left of their ridiculous "platform."

Now, we understand from very high authority, that Mr. T. P. REDFIE D, the nominee of clines being a candidate for Senator from Franklin these potty largeny chaps, substituted for Mr. County. He was nominated by the " Free Democ-PECK, has doclared, within t e last ten day that | rary" at Fairtax, on the 1st July. he AGREES WITH MR. PECK, in the views that gentleman expressed in relation to these to fall into Scarybogus, we should like to know old craft got under way!

thority. That a cool, soberizing breeze would, sooner as they decently could, g t ashore! They saw terest, the writer says:

"Home-by Charles J. Re Carolina, is a prediction we made a long time ter-logged, open-seamed, rulderless,—beating state, was one of the most elegant productions of the since. We have said over again, that about with torn sails, rotten mass, and tattered about with consummate skill and about with consummate s we did not fear secondion. To us the idea has rigging generally, and they soon found that the lawys seemed absurd. And now it is with passengers and crew were the only human begreat pleasure, that we call the attention of our readers, to the proceedings of an .Inti-secession Fourth of July Celebration, at Greenville, S. C., at which more than four thousand were present. After the reading of Washington's Far well .Interpreted and ununhanously adopted, from which an example and ununhanously adopted. The Southern Particle was understand that Capt. Redfield the found below. The Southern Particle was added to the found and extensive and previously prepared report was read and ununhanously adopted, from which an example of the found below. The Southern Particle was understand that Capt. Redfield the annuls of the noise and administration of the mean and ununhanously adopted in the found to the found below. The Southern Particle was understand that Capt. Redfield the found below and extensive and previously prepared report was read and ununhanously adopted the found below. The Southern Particle was considered to the found of the southern and the capt. The mass of intelligence was written in a stream of the manners. His piece was written in a stream of the manners of tract will be found below. The S othern Pa - looks with considerable complacency on Mr. I have sayle varies; at one time lie is no triot, to which we are included for an interesting account of the entire proceedings, fully endorses them. We are sure that nothing can be more agreeable to our readers—all inf ver of the contrast between the sensitive of the contrast of the contrast between the sensitive of the contrast of the contrast between the sensitive of the contrast between the sensitive of the contrast between the sensitive of the contrast contrast between the sensitive of the contrast between the sensitive of the contrast between the sensitive of the contrast between the contrast of the contrast the Union than the contrast between the sentiments contained in the Union Committee's report, and these embraced in the Charleston that he wouldn't go half the distance to save The Display of Fire Works on Commencetoasts, of which we have already given a fair double the number! He thinks the bogus ma-

open any wider the admission of slavery into mont; -- but we dare say he will not! Utah and New Mexico. It cannot increase the part of Congress in relation to slavery,

But accession, will, if successful, most effeetually circums ribe the area of slavery, and ntterly run it in South Carolina. As soon as was of the highfalutin order decidedly. That are informed that Gars and Steamboats will ment of Mr. Bro Low and Major Du Slar. the State goes out of the Union, every slave in paper's dispatch of the date named, contains the take passengers for the occasion, for half fare, things will not be much worse than they have it, and all their descendants, in all time to come. following: will be fixtures to our soil! If one should will be fixtures to our soil! If one should chance to be carried over the Savannah river, his owner will forfeit, under the laws of the United States, ten thousand dollars and incorrected the Hongard parts impresonment, and stand committed. The error P. Exercise of Montpelier. Judge of the seven years imprisonment, and stand committed till the fine is paid! White persons may leave the State, but slaves cannot. Their labor may plause. Judge Reiffeed accepted the nomination in be valueless, but here they must remain. In an elequent speech. the course of time their owners will run off and

Our weakness and insignificance in the eyes of the world, would almost deprive us of admission into the family of independent nations. If admitted, the republic, or kingdom, or oligarchy of South Carolina, could hardly maintain her foreign missions at the different courts of Europe. Hundreds and thousands of gloom which would pervade the land. No one however, could move out of South Carolina without being an alien for five years. He would lose the right of enizenship, the right of voting, commissions under the United States or State in which he might settle. Living in South Carlands of our parents, children or kindred in the fully less"! other States, nor will they be able to inherit

"The President (they add) is sworn to enforce the laws, and for this purpose he is put in out and laid down their arms in token of surrende command of the army and navy of the United States. The collection of the customs on board once check-mate secession, and prevent a resort to force. But if it did not, who can entertain a doubt as to the result of a contest between South Carolina without an army or navy, responsibility rests on him who urges the State into so unequal a conflict."

Another Rut Sale!

We received yesterday afternoon, (too late

St. Albans, July 21, 1851.

GEN. CLARKE:

Jasern Rann, Esq., of Berkehire, nuthorizes the Editor of the Messenger to say, he de-

of Mr. Pres upon the "only issue" that gives shricking and struggling so desperately, for a wire workers and fuglers are responsible for form and substance to the pett -larceny demo- year or two past, "to beat the Whigs." Poor the election of Polk, the annexation of Texas, cratic party, the FREEMEN of Vermont, the gen- fellows! They brought our excellent friend, and the Mexican War, and who nominate oldtlemen who role, have a right to be informed of John Van Buren, into Burlington, early in line Locofocos like Peck and Redfield for other. 14. We assert that he pors, and that his June, to "fix things" for them.
